

Montana Commerce Department Tourism Infrastructure Improvement Program & Grant Award Summary (Updated March 2012)

The Tourism Infrastructure Investment Program (TIIP) invests a portion of the Montana Office of Tourism's state lodging tax funding into new tourism-related facilities, the enhancement of existing tourism facilities, and the preservation of Montana's historical and cultural treasures.

Since its creation in 1995, TIIP has invested over \$4.17 million in "bed tax" funds into 94 projects in 47 communities across Montana. This investment has helped create \$45.9 million in new or improved tourism facilities in Montana.

The primary goal of this program is to create or improve attractions and services that will entice visitors to spend more time and money in Montana's communities. The program also aims at helping communities and organizations improve the quality of life for Montanans.

Non-profit sponsors or communities are eligible to apply for TIIP funds. The funds are awarded on an annual basis through a competitive application process. Sponsors are required to invest \$1 for every \$2 in TIIP Grant funds received for their project. The minimum TIIP grant is \$20,000.
